You can say Stephen Zadrick has more than a few tricks up his sleeve. Renowned as one of the top magicians in the world, the businessman has a trick or two when it comes to success. But his current post has nothing to do with smoke and mirrors. Zadrick oversees operations for CenterPoint, a company that caters to real estate developers' needs in sales, marketing and investment. The company has often been recognized as one of the most creative sources of financing available for luxury developers. When he's not at his Miami Beach home, Zadrick can usually be found at his horse ranch in Ocala.
